

Flexible Light Guide

GLF2

MADE
IN
GERMANY

- High flexibility and luminous efficiency
- Best transmission
- Spot illumination
- Low head generation on object
- For halogen and LED cold light sources
- Versions with several flexible arms
- Adaptable to cold light sources from all manufacturers
- Adaptable to customer needs

Technical Data

Diameter active light guide	4,5 mm
Light guide access	15 mm (Standard)
Beam angle	70°
Illumination	point-like
Number of arms	2
Diameter light output	13 mm
Diameter light input	15 mm
Outer tube diameter	10 mm
Ambient temperature	max. 80°C
Temperature input (light source)	max. 240°C
Material tube	steel spiral, PVC

Versions

100-011337	GLF2-1000-4.5	2-armed, arm length 1000 mm, active diameter 4,5 mm
100-003907	GLF2-1600-4.5	2-armed, arm length 1600 mm, active diameter 4,5 mm

Accessories

100-002917	Focusing optic	for active diameters 4,5 mm, f 30 mm
