

Fiber Optical Ring Light

SRL3

MADE
IN
GERMANY

- High flexibility and luminous efficiency
- Best transmission
- Low head generation on object
- For halogen and LED cold light sources
- Adaptable to cold light sources from all manufacturers
- Adaptable to customer needs

Technical Data

Working distance	approx. 20 mm - 150 mm
Nominal working distance	approx. 25 mm
Diameter active light guide	6,4 mm
Light guide access	15 mm (Standard)
Height	26 mm
Outer diameter	58 mm
Clamping diameter	max. 30,5 mm
Length supply line	1,00 m
Ambient temperature	max. 80°C
Temperature input (light source)	max. 240°C
Material	anodized aluminium
Color	titanium
Material tube	steel spiral, PVC

Versions

100-010602	SRL3	feed line 1 m, active diameter 6,4 mm
