

## Fiber Optical Ring Light

# SRL6

MADE  
IN  
GERMANY

- High flexibility and luminous efficiency
- Best transmission
- Low head generation on object
- For halogen and LED cold light sources
- Adaptable to cold light sources from all manufacturers
- Adaptable to customer needs

## Technical Data

Working distance	approx. 35 mm - 150 mm
Nominal working distance	approx. 50 mm
Diameter active light guide	9 mm
Light guide access	15 mm (Standard)
Height	25 mm
Outer diameter	92 mm
Clamping diameter	66 mm
Length supply line	1,00 m
Ambient temperature	max. 80°C
Temperature input (light source)	max. 240°C
Material	anodized aluminium
Color	titanium
Material tube	steel spiral, PVC

## Versions

100-008508	SRL6	feed line 1 m, active diameter 9,0 mm
